# Gastein

We invite you to recharge your batteries

No matter what you seek, you'll find it in Gastein. Here, invigorating and inspiring experiences go hand-in-hand with absolute peace and relaxation.

We are your path to a rejuvenated zest for life.

Glorious hiking routes and ski runs, soothing baths along with unique treatments and therapies whenever you are in the mood. Natural. And healing.

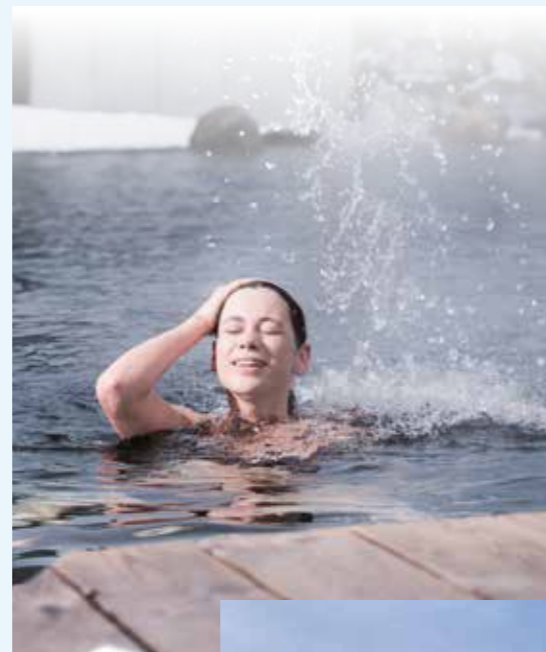

Nestled amid the imposing countryside of the Salzburg Alps and sculpted by clear mountain waters, Gastein Valley – with its three communities Dorfgastein, Bad Hofgastein and Bad Gastein – has existed here since primordial times. Each town provides its own unique array of energizing moments. Even back in imperial times, people were keenly aware of the physical and spiritual benefits of a visit to Gastein. None of that has changed in the slightest to this very day. Come experience it for yourself.

# Winter in Gastein

Each of the 4 ski areas in Gastein Valley is well worth a visit and just a few minutes away either by car or ski bus. Sportgastein, the highest glacier free ski area in Salzburger Land, is regarded as THE freeride hotspot in the Alps. Of course, you don't have to be a skier to enjoy winter in Gastein. Just pull on some warm clothes, then head out into the crystal-clear air. Set off on a tobogganing expedition or go ice skating with your whole family. And as you take a stroll along the Kaiser-Wilhelm-Promenade in Bad Gastein, you will likely be accompanied by curious squirrels. Let's hope you tucked a few nuts into your pocket just in case!

## Pine Magic on the Graukogel

Here, the fragrance of tree sap teases your nose: The Graukogel is famous for its especially beautiful and ancient pine trees, many almost 400 years old. Spend quiet moments on fragrant pine benches and a giant pine bed in the open air, losing yourself in dreams beneath a blue sky.

## Nerve-tingling excitement at a record height

The suspension footbridge on the Stubnerkogel in Bad Gastein is 140 meters long and the first at 2300 m that can be walked across year-round. Just one meter wide, the cable structure swings with every step you take. A head for heights and strong nerves certainly wouldn't hurt, not least because you can also look down on either side, all the way to the ground 28 m below.

## Felsenweg on the Stubnerkogel

The Felsenweg is a path that begins and ends at the mountain station of the Stubnerkogel lift. It leads through areas of craggy, precipitous rocks to a striking lookout point, with no major changes of elevation along the way.

## Valley View

If you set out along the hiking path on the Stubnerkogel, you will come to a new viewing platform known as the “Valley View” looking out to the north and across Bad Hofgastein.

## Glocknerblick Viewing Platform

If you have managed to cross the footbridge, you'll definitely want to stand on this circular platform made of steel and wood, gazing out towards Austria's highest mountain, the Grossglockner (3,798 m). For a special experience, we also suggest looking through the glass window in the floor of the platform, at the ground far below your feet.

## Culture

From traditional folk culture to classical concerts of the highest quality, from snow jazz to summer.frische.kunst, culture plays a major role in Gastein.

## Golf

18-hole Gastein golf course

## Mountainbike

14 variety-packed mountain bike trails and one S2 trail

### § 5 Revocation of the Accommodation Agreement – Cancellation Charges

1. If the accommodation agreement requires a deposit, and if the deposit was not remitted by the contracting party in timely fashion, the accommodation provider may revoke the accommodation agreement without notice.  
2. If the guest does not appear by 6 p.m. of the stipulated arrival day, there is no obligation to provide accommodation, other than if a later arrival time has been agreed upon.

In the event of a deposit equivalent to more than four days, the obligation to provide accommodation ends at 6 p.m. of the fourth day, with the stipulated arrival day counting as the first day, unless the guest has provided notice of a later arrival day.

4. By no later than 3 months prior to the stipulated arrival day of the contracting party, the accommodation agreement may be revoked by the accommodation provider by means of a unilateral declaration due to objectively justifiable reasons, unless other arrangements have been made. Revocation by the contracting party – Cancellation Charges
